

A Message from the Premier

July 2012

As Premier of the Province of British Columbia, I would like to extend my warmest wishes to the skippers and crews participating in this year's Victoria to Maui International Yacht Race.

To navigate your way across 2300 miles of open ocean is quite a remarkable feat, one that will no doubt be a lifetime experience you will never forget. I want to commend you all for taking on this enormous test of endurance and for following your passion for sailing.

As you embark on this journey, steering your way past Race Rocks in Victoria, know that your families, friends, and community supporters will be rooting for you every step of the way. I join with all of your supporters in wishing you the very best for a safe and rewarding adventure.

Sincerely,

A handwritten signature in blue ink that reads "Christy Clark".

Christy Clark
Premier
