WE GO THE DISTANCE!

Vic-Maui Notes:

- Shipments intended for recreational boats go under their "personal effects" category.
- The 2012 rates are quoted as US\$9.00 per cubic foot.
- If your shipment density (weight) exceeds 45 pounds per cubic foot (e.g. anchor chain), then the rate charged is US\$9.00 per 45 pounds.
- Shipments must be properly boxed or crated by the shipper (you!) and are containerized by them.
- No advance bookings - first come first served for each weekly shipment.
- Typical shipment time Seattle to Kahului is 2 weeks. Delays are possible.
- You arrange to pick up the shipment in Kahaului (the commercial port beside the airport), from the local agent "Tri Isle"

See attached information sheet.

Honolulu Freight Service – Seattle, WA

Personal Effects Instructions for Shipping

1. All cargo must be boxed or crated
2. Label all boxes / crates as if you were addressing an envelope
3. Charges run approximately \$9.00 per cubic foot (Min \$190.00 per shipment)
***rates are subject to increases

How to Calculate Cube

Length x Width x Height = #

divided by 1728 = Cube

Example:

12 x 12 x 12 = 1728

1728 divided by 1728 = 1 cubic feet

if dividing by feet then only multiply the L x W x H. Total number will be the cube

Payment

Charges will need to be paid at the time of receiving with Cash or Visa / Mastercard.

No Personal Checks Allowed
