

THE VIC-MAUI TROPHY COLLECTION

The following set of images represents many, but not all, of the trophies available to be awarded for competition on the biannual Victoria to Maui International Yacht Race. The images were gleaned from two sets of photographs taken by Lahaina Yacht Club, likely in 1980 and 1992 and so do not include winner plaques or other modifications added since those dates.

The next two pages of this document lists all the Vic-Maui trophies and identifies those included in this collection of photographs and Deeds of Gift. The trophies are indexed in an arbitrary numerical sequence in a somewhat hierarchical manner. Where Deeds of Gift are available they immediately follow the page on the trophy itself. The lists of awardees over the years can be found on our website, under the “Archives” tab, at All Years\All Years Trophy Awards.

Note that Class/Division names have varied through the years such that a given trophy might be awarded to Class B in one race and Division II in a subsequent one. The name changes apply to fleets of nominally similar boats and thereby has not required re-dedications to accommodate the changes in classification.

As are other documents in this archive, this is a searchable PDF file. Finding the bookmarks will allow you to navigate directly to the information regarding a particular trophy.

Enjoy!

The letter of acceptance, on behalf of Governor Burns, refers to Class B, although the trophy has always been awarded to Class A or its equivalent. Dear Ev:

Enclosed are three copies of the Deed of Gift for the Blue Gavel Trophy for the Seattle-Maui race. I trust this form of deed is satisfactory and that you could have it signed for the International. If you would like to return two copies to me, I will see that they are returned to the race committee.

I have asked Mr. Pesola to have the trophy completed without that part of the engraving designating the position in the race for which it will be awarded. The committee has asked for the right, as you will see from the Deed of Gift, to designate the position of all trophies from time to time as circumstances require. The committee here realizes that the original intention was to give the Blue Gavel trophy for first to finish, and will try to have it so used. I am assured, however, that it will be designed for a first position in some categorie.

The main thing and our real intention was to instill some interest and assist in making this Yachting event a success. I think our efforts have in some small way accomplished this.

Sincerely,

R. B. McDiarmid.
